QUALITY IS IN OUR NATURE

MOTORCYCLE

FULLY SYNTHETIC & RACING

SPORTBIKE

Fully synthetic 4-stroke oil.
Viscosity:
SAE 5W-40
SAE 10W-40
SAE 15W-50
SAE 10W-60

FORMAX

Fully synthetic 2-stroke oil for very high loaded motorbikes.

SR 2000

Fully synthetic 2-stroke oil for grand prix motorbikes and karts.
Viscosity:
SAE 50

RTC

Semi synthetic 2-stroke oil specially developed for motocross. Not suitable for injection systems.

RACING RX

For long and short 4-stroke grass track and speedway motorbikes which uses methanol or ethanol fuel.

RADIAX

Synthetic oil for race applications and for use in combination with methanol fuel.
Viscosity:
SAE 20W-50
SAE 60
SAE 70

SPECIALLY FOR HARLEY DAVIDSON®

Eurol has a wide range for Harley Davidson® V-Twin motorbikes, lube for gear and lube for primary chain.
Viscosity:
SAE 50, SAE 60
SAE 20W-50, SAE 20W-60
SAE 20W-50 (synthetic)

4-STROKE

SPORT TOURING

Eurol Sport Touring is a mineral oil without friction modifiers, specially for 4-stroke motorbikes. JASO MA2
Viscosity:
SAE 10W-40
SAE 20W-50

SYNRA

Synra is a modern synthetic 4-stroke oil specially developed for optimum lubrication of Ducati motorbikes. JASO MA2
Viscosity:
SAE 20W-50

SUSPENSION

FRONT FORK

Fork oil. Universally applicable.
Viscosity:
SAE 2,5
SAE 5, 10, 15
SAE 20, 30, 40
SAE 10W-30

MONOSHOCK

Monoshock oil. Specially for applications with extreme temperature changes.
Viscosity:
EDE 13
EDE 26

BRAKE FLUID

BRAKE FLUID

High performance brake fluid for drum and disc brake systems. Dot 3, 4 en 5,1
Dot 5 siliconen

4-STROKE FULLY & SEMI SYNTHETIC

SPORTBIKE & MOTORCYCLE

4-Stroke oil for touring and race applications. Provides a very good protection in all conditions.

"WITH EUROL I AM ASSURED OF TOP QUALITY"

Henk Knuiman

International Enduro Driver
Dakar Rally - Oilibya Maroc

Quality is in our nature

EUROL SPONSORING

Extreme performance demands extreme quality. Only in professional auto and motor sports are there such high requirements from oil products. For this reason, Eurol sponsors a high number of motorised sports like drag racing, tractor pulling, motocross, rallycross, speedway and grand prix racing. Through years of experience Eurol knows better than anyone what it is all about. Specially developed additives provide products of superior level. Perfect lubrication and maximum protection in all conditions.
